

## FUN WITH FELT

Felt fruit, flowers and a pine tree, imbued with Essential Oils and ready to use as air freshener for your car, closet and drawers or just about any place you can think to hang or place them.

### Felt Pine Tree Air Freshener

You will need:

- Scissors
- Glue (white craft glue works best)
- 2 squares of green felt
- A square of cardboard for stiffening
- A length of ribbon to create a hanger for your tree

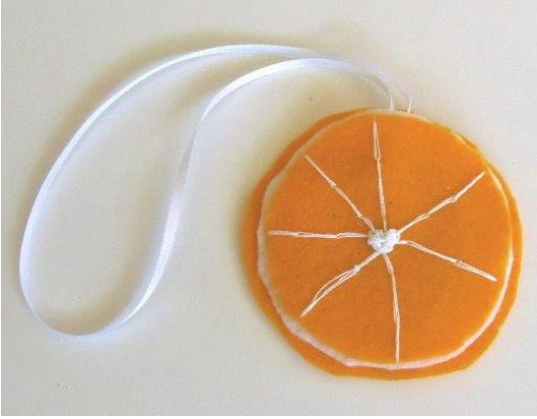

Follow pattern or make up shape of your own:

- Cut two identical pine tree shapes out of green felt and another out of cardboard.
- Cut ribbon length needed to make a hanger and glue to top of cardboard tree.
- Glue the felt pieces to both sides of the cardboard. Let dry.
- Scent with pine oil.
- Hang from your rear-view mirror or in your closet.
- Refresh Essential Oil as needed.

**Pattern:**

## Felt Fruit Air Fresheners (Circle or wedge)

You will need:

Scissors

Glue (any craft glue, or hot glue will work).

A piece of white felt for the rind of the fruit.

A piece of green felt for limes, or orange felt for oranges, or yellow felt for lemons.

(Or use your favorite color and keep people guessing).

White embroidery thread.

Ribbon for hanging on visor, in closet, wherever you want it to be.

Optional: A piece of light weight cardboard cut a little smaller than the smallest circle.

Following pattern:

Cut 2 colored circles for the fruit.

Cut 1 white circle for the rind.

Trim the white circle so it is just slightly smaller than the pattern.

Trim 1 of the 2 colored circles so it is just slightly smaller than the white circle.

Glue the white circle on top of the largest colored circle. Set the assembly aside.

Cut a length of embroidery thread into 24 inches. Split the embroidery thread into 2 sections (3 strands each).

Follow the pattern to sew the “segments” on the small colored circle.

**For circle shape:** Place a piece of light weight cardboard (cut smaller than the smallest circle) between the white circle and the “segment” circle.

Cut ribbon twice the length needed to hang fruit. Fold in half and glue ends to center of white circle.

Glue the “segment” circle on top of the white circle.

Scent with your favorite Essential Oil. Refresh as needed

**For wedge shape:** Omit cardboard. Fold the glued circles in half, forming the wedge of fruit.

Cut ribbon twice the length needed to hang fruit, fold in half. Make a small cut in the middle of the wedge and pull ribbon through. Glue ends of ribbon inside the wedge.

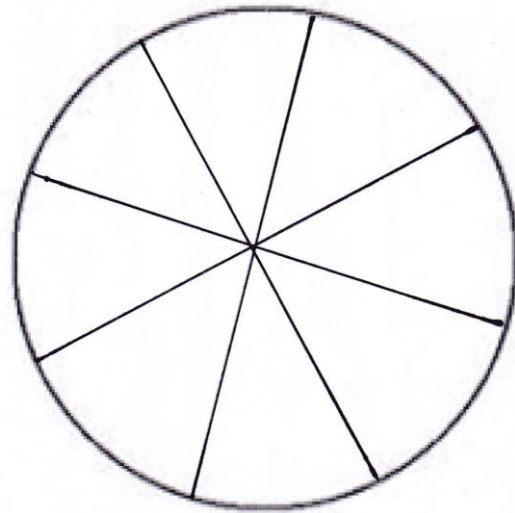

Glue wedge together.

Scent with your favorite Essential Oil. Refresh as needed.

## Felt Rose Air Fresheners

### You will need:

Scissors

Glue (any craft glue, or hot glue will work).

A 3-inch (approximately) square of colored felt. You can adjust the pattern to make the rose any size.

A piece of green felt for leaves.

Following pattern:

Trim edges and cut felt into spiral shape

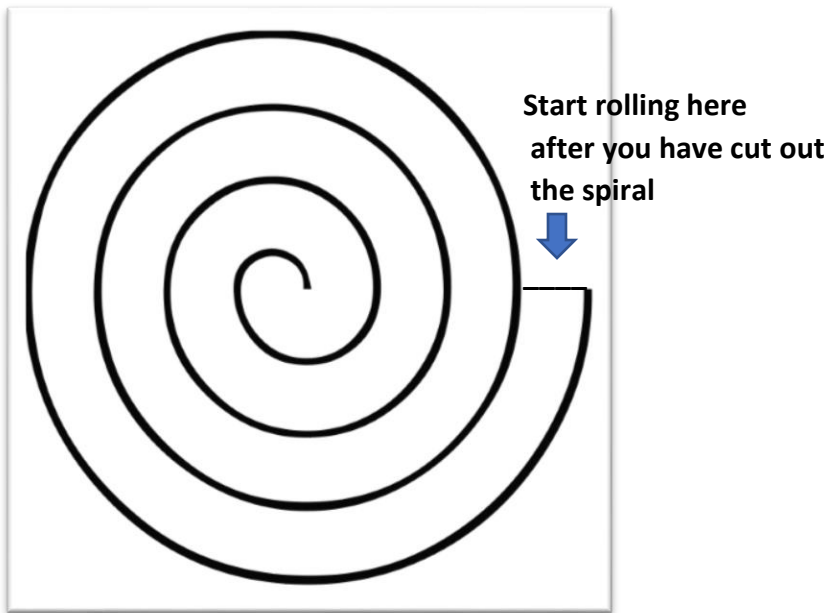

From the outside of the spiral, pinch bottom together and roll toward the center. Put some glue on the end piece (the center of the spiral pattern) and glue it in place at the bottom of the rose.

Cut ribbon length needed to make hanger. Glue onto bottom of rose.

Cut leaf shapes from green felt and glue on bottom of rose.
